### ON THE NEW YORK-TONOPAH. Letter From Camp Says Property Is

in Fine Condition. in Fine Condition.

A letter from one of the Salt Lake colmy at Tonopah, written to a friend in his city, says the local owners, and all where for that matter, in the New York-Jonepah company, are to be congratulated ipon their prospects. The letter was written on Saturday last. On that day he writer had been inspecting the mine and he wrate most enthusiastically of its sonditian. The shaft, he sald, was then lown 655 feet, while the drift which is sing run to cross-cut the formation was not from the shaft a distance of sixy ect.

### TAPPING THE VEIN.

Ophir Hill, Getting Into Ore. now being run out from the shaft on that property to tap the monster vein from which the ores in Senator Clark's Ophir Hill adjoining are now coming, is now in the edge of the ore chute. The face is all streaked up with iron and lead and it will not be long, he thinks, till he reaches the solid ore bodies. He has arranged for the installation of machine drills, the power to operate which will be secured from the Clark plant as soon as it is completed, an event that has been delayed by the non-arrival of machinery.

Manager Ryan has every faith in the ultimate conversion of the Montana Consolidated into a big mine and when he is able to get power drills in speration he does not calculate that it will take him long to prove it. He is operating only a few hundred feet away from the developed portion of the Ophir Hill.

## DON'T LET IT GET AWAY

There is an opportunity of making good money. Silver is the highest for months. Lead is high, copper is good. Our GOOD stocks must be affected by improved conditions. Daly-West is going up rapidly. Other good stocks must follow. Get in on the front seat of this boom. Don't wait and catch the tail end. Where Daly-West leads a dozen stocks follow; either up or down. They are a little slower, but they follow. Daly-Judge, Naildriver, Wabash, Little Bell and New York are all in the same locality and affected by the same conditions. Don't hesitate until too late. Buy now. Nothing but a break in the metal market can prevent your making money.

Neglect and failure to provide the common necessities of life are the charges which Ada R. Myers has preferred against James T. Myers in her action for divorce. They were married in this city on Aug. 25, 1901.

Because Christian Hansen knocked her down and choked her until she was so weak that she could not get up of her own accord, but had to be lifted upon her bed by friends, Julia Hansen asks for a divorce from her husband. They were married in Copenhagen, Denmark, on Sept. 7, 1900. The wife declares the only provocation her husband had for mis treating her on the evening that he choked her was because she asked him not to spend all his money for drink, and made the request that he refrain from that habit.

Will S. Brown, manager, of the North Mountain Mining company's Cherry creek (Nev.) properties came in from Fremont, Neb., yesterday and will leave for camp within a day or two.

Manager Will J. Lawrence has returned from the property of the Lawrence Consolidated company in Elmore county, Ida., greatly impressed with the showing which is being made. He says an energetic campaign of development will be carried out during the season.

It is thought that the roads will be sufficiently clear of snow by the end of this week to permit of the hauling of the St. Louis-Ontario company's new hoisting plant on to the ground. In that event the material will be sent out from here during the next two or three days.

James M. Kennelly, who left for Milford the other day to begin his extended prospecting trip along the line of the San Pedro. Los Angeles & Salt Lake railroad in southern Neveda, returned to the city vesterday. When he reached Milford he found that his son, Arthur, was suffering with tonsilitis, accommanied by a very high fever, and he finally decided to bring him home for treatment. Within a day or two or just as soon as he is sure his son will escape a long and serious illness, he will return to Milford and go with the rest of the party, leaving his son to follow later.

### IN THE ARCTIC OCEAN

With General Greeley's Exploring

Party.

John Zeun of company A. National Soldiers' Home, Virginia, who served many, years in the United States navy and nearly lost his life with General Greelers. and nearly lost his life with General Greeley in arctic regions, found himself in his advancing years suffering from Rhèumatism and Kidney disease which continued to grow worse. I was advised to use Dr. David Kennedy's Favorite Remedy, says Mr. Zeun, which gave me relief from the first dose. I cannot speak too highly or recommend it too strongly to others suffering from these terrible complaints.
